Re: Bring Our Music Back

Date: March 3, 2010

Thank you in advance for your consideration of support of **Bring Our Music Back, Inc.**, *Music with Purpose...dedicated to the enhancement of life through music in support of existing and aspiring musical talent, program and services.*

Bring Our Music Back, Inc is the brainchild of Frank Bombaci Jr., a graduate of Lyme/Old Lyme High School and now a freshman at Loyola University. As a senior project, Frank's vision was to produce a music festival dedicated to providing local talent a shared on-stage professional experience with national recording artists where proceeds raised through the festival are donated back to local charities dedicated to the enrichment of life and healing through music.

As a result of this vision and the successful launch of B.O.M.B. Fest in June of 2009, over \$30,000 was donated to the community's SoundMusic and Make-A-Wish organizations. To further our mission, we will produce the festival again at the Durham Fairgrounds located in Durham, CT on May 30, 2010. In addition, we are planning several smaller concert fund raiser events in New Orleans in March, April and September of 2010.

We would like to ask for your groundbreaking support of our mission in bringing the music back to the people, communities and our school systems through our festival concerts and organizational initiatives. This year we have chosen several local charities to benefit to include The Connecticut Children's Hospital, The Hole in the Wall Gang, The Lyman Allyn's Yellow Bus Fund and Y.P.I., a residential arts enrichment camp.

For your review, I have enclosed our Donor Levels of Giving detailing the different levels of support of our mission and initiatives. Thank you in advance for your consideration and we look forward to bringing the music back and enhancing life through music in our local communities. This is Music with Purpose !

Gail K. Stevens
